90 MINUTE INTRODUCTORY BRIEFING IN ORANGE COUNTY

Your career success has brought you to a place where you recognize you need success in more than the marketplace. Could the The Master's Program help you attain success for the good of God's Kingdom?

Your career assignments have brought you to a place where you recognize leadership by authority - which is positional - and leadership by influence - which is relational. Today, you exercise both in the pursuit of your career. Your contribution to your organization involves your leadership.

Has the same leadership leverage transferred to your Kingdom service? As a leader who is a Christian - which makes you a Christian leader - you were made by God to cause significant impact through investment of your time, talent and treasure in things that will matter for eternity. Are you fully

exploiting your Kingdom potential, already?

The Master's Program serves Christian leaders; we help men find and pursue their Kingdom Calling, producing results that honor The Master, Jesus the Messiah. You've been studying the Bible and serving the church; is it time to shift into overdrive and find your unique point of impact, where your Kingdom productivity can climb to 100x?

Come spend 90 minutes with Bob Shank to hear about this unique opportunity. To attend, RSVP with Clara Esser at 714-282-7707 or at clara@mastersprogram.org.
